

WHATZ-UP OC

JUL-AUG ISSUE #27

Hello, everyone!

The second half of the year is underway and we are patiently waiting for the end of winter and the start of warmer days. We have had a few exciting firsts, including Pet Therapy and an awesome visit to Exotic Animal World. Continue reading for more information!

The Open Circle has collaborated with Top Dogs Therapy, and we were visited by the lovely golden retriever, Dusti and his owner, Sarah. The residents and staff were equally nervous and excited, but Dusti quickly showed everyone that there is nothing to be afraid of. We enjoyed feeding, stroking, walking and giving Dusti all the love!

Pet Therapy

We visited The Exotic Animal World and not even the rain could stop us from having a great time. We were greeted by James from Exotic Animal World who brought along a few slithery, furry and crawly friends for our residents to get up close and personal with. The bravery of our residents knows no bounds! We then enjoyed a packed lunch, followed by a walk through to meet all the other animals. What a wonderful experience for the residents, staff and 3rd year Occupational Therapy students from University of Cape Town who joined us on this fun excursion.
